Waste Management Plan

Materials from your job site can be recycled. The City of Cerritos Municipal Code requires you to recycle or reuse a minimum of 50% of your project's waste. The City has an exclusive franchise agreement with Athens Services for construction and demolition waste removal services. By using Athens Services, you will have met your 50% waste diversion requirement. If you self-haul materials from the jobsite, and your project is 900 square feet or greater is size, you will be required to demonstrate that you have diverted 50% of your project's waste from landfill disposal.

Please check one (1) box below:

☐ If your project is less than 900 square feet in area, check this box. You are exempt from further compliance with the City of Cerritos' C&D Debris Diversion Ordinance.

☐ If you will be contracting with Athens Services for your project's waste hauling services, check this box. You are exempt from further compliance with the City of Cerritos' C&D Debris Diversion Ordinance.

☐ If your C&D waste will be hauled by anyone other than Athens Services, and your project is 900 square feet or more in area, check this box. You are required to submit a Performance Security Deposit in the amount of $0.50 per square foot of project size along with this form and divert 50% of project waste from landfill disposal.

For Self-Haul Projects of 900 Square Feet or Greater Only

Step 1: While your Project Progresses

Save all weight receipts and/or documentation from disposal sites including recycling centers, landfills and jobsite reuse.

Step 2: Before final inspection:

Complete Part 2 of this form and submit receipts/documentation (original or certified photocopies) verifying that a minimum of 50% of the debris or material generated was diverted from landfill disposal.

Step 3: Deposit Returned:

Within 30 days of submittal of final documentation, your performance security deposit will be returned. If it is determined that a minimum of 50% of C&D materials were not recycled, a prorated portion of your deposit will be returned.
