City of Cerritos
Department of Community Development
18125 Bloomfield Avenue
Cerritos, CA 90703
Phone: (562) 916-1201
Website: permits.cerritos.gov

HOW TO APPLY FOR A PERMIT

The **Cerritos Permit Hub**, a full-service online permitting and approval system, is now available at **permits.cerritos.gov**. With the implementation of the new hub, planning approvals, building and safety permits, and public works permits will transition to a fully digital review and approval process.

To make a user account and apply for approvals or permits, please visit **permits.cerritos.gov**.

Project Submittal

1. Locate the permit/approval application requirements from the guidance documents on the City's website. Information on residential permits is available at **www.cerritos.gov/residentialpermits** and commercial permits at **www.cerritos.gov/buildingpermits**.
2. Call (562) 916-1201 to speak to a Planner. The Planner will advise you on any applicable regulations or guidelines that may apply to your project.
3. Log into the **Cerritos Permit Hub** at **permits.cerritos.gov** and set-up or log into your user account.
4. Click "Applications" and identify the application for the permit/approval you are requesting.
5. Complete the application online and upload all required/supplemental documents, and submit.
6. Upon submittal of your project, staff's review process will begin.

Should you have any questions, please contact the Department of Community Development at (562) 916-1201 for assistance.
